JACQUELINE ZHANG

Web Developer (React)

with background of UX Design and Mechanical Engineering

ACCOMPLISHMENTS

Book Store Website

React, Redux, Node.js, MongoDB, Express, Heroku

A simplistic book store website allowing users to browse book information, search books, manage their shopping cart, register/login to their account.

Note Management System

React, Node.js, MongoDB, Express, Heroku

A web app allowing users to add/view/delete reference/thought notes, automatically generate index to connect two notes, helping establish personal knowledge system and structure writing.

5 Front-end & 5 Back-end Projects

React, Node.js, Express, MongoDB, Bootstrap

Projects showcasing the knowledge and skills I learned when doing front-end and back-end development online courses.
